

Event & Activity Policies

Freedom from Hunger volunteers work here in the U.S. to build awareness about ending chronic hunger and poverty. Certain activities and events cannot be approved due to state law, or because they are not in accordance with the mission of Freedom from Hunger or its fundraising practices. The following policies and procedures ensure that events and activities are held legally and in a manner that promotes our mission and protects our good name.

- Event hosts should have their own insurance and permits as necessary.
- Fundraising activities should clearly state in writing the percentage of funds that will benefit Freedom from Hunger.
- Freedom from Hunger cannot provide its 501(c)(3) number to volunteers for soliciting donations. Freedom from Hunger can provide a fax cover sheet for event host to complete and submit for Freedom from Hunger consideration.
- Any use of the Freedom from Hunger name, logo, photos, or other materials must be approved in advance by Freedom from Hunger. Event host must submit draft materials (brochures, invitations, etc.) for approval to Freedom from Hunger prior to use.
- Freedom from Hunger cannot provide funds for event expenses unless approved, in advance and in writing, by the President.
- Freedom from Hunger cannot provide donor names or contact information. The only exception will be when individuals in event host's area have expressed interest in having their contact information shared with other volunteers.
- Any press coverage details must be submitted to Freedom from Hunger.
- Freedom from Hunger is not liable for any losses or damages as a result of this event.
- Because of the technical methodology we use in the field, the only volunteers we place overseas are those with advanced degrees in medicine, public health, research and/or experience in microfinance implementation and technical assistance.

I have read and agree to the conditions of the above Event & Activity Policies.
